

SUMMARY

A highly motivated and detail-oriented individual with a strong foundation in web development and Java programming. Skilled in designing and implementing web-based solutions with a focus on user experience and system functionality. Contributed to projects such as Hotel Management System, Cab Reservation System, and ERP System, where I developed technical skills in web development, data management, and team collaboration. Passionate about building efficient applications and eager to apply my knowledge and skills in a web development role.

EDUCATION

B.Tech INFORMATION TECHNOLOGY

Panimalar Engineering College

2022 – 2026

CGPA - 8.44*

Higher Secondary

Everwin Matriculation Higher Secondary School

2021 – 2022

Percentage - 84%

SKILLS

- Programming Languages:
Java Python C SQL
- Web Technologies :
HTML CSS JavaScript
- Version Control:
GitHub VS code Eclipse
- Designing Tools :
Figma Fusion 360 Argo UML Canva

CERTIFICATIONS

- Data Analysis with Python - IBM 2024
- SQL and Relational Database - IBM 2024
- Communication Skills - Tcs ion 2024

LANGUAGES KNOWN

- English (Fluent)
- Tamil (Native)
- Hindi(Basic)

HOBBIES

- Painting
- Learning Science-Fiction Books
- Solving Puzzles
- Logical Reasoning

PROJECTS

Hotel Management System

- Built a dynamic hotel booking system with room listings, booking module, and feedback integration using HTML, CSS, JS. Designed responsive UI for real-time room availability and improved user engagement.

Cab Reservation System

- Developed a ride-booking platform with payment gateway, real-time cab tracking, and emergency ambulance feature. Enhanced customer support with integrated call center module.

INTEGRATED SOLUTIONS FOR ENHANCING THE SMALL SCALE FARMERS - Green Grow Solutions

- Created a web ERP for farmers with modules for leasing, agro sales, mentorship, and AI chatbot support. Enabled real-time weather data and transparent transactions, boosting decision-making and sustainability.

INTERNSHIPS

Junior Data Analyst Intern

May 2024 - June 2024

Everlife CPC Diagnostics | Mylapore,India

- Managed and updated business-critical data using SAP, enhancing operational accuracy. Performed Excel-based data mining and assisted in invoice generation for purchase/sales modules.

ACHIEVEMENTS

ERP Project Competition (Inter-College) | Team Leader -JULY 2024

- Led development of a full-featured college ERP system, aligning with real-world requirements. Showcased leadership, technical execution, and innovation under strict deadlines.Finalist among top entries, proving strong collaboration and system design skills.
